

Drug and Alcohol Prevention Program and the Drug-Free Workplace and Campus Program

Revised: July 22, 2018

Standards of Conduct

The use of illegal drugs and the abuse of alcohol on the campus of South University, Montgomery or in facilities controlled by South University, Montgomery are prohibited by college regulations and are incompatible with South University, Montgomery goal of providing a healthy educational environment for students, faculty, staff and guests. The following information is provided in compliance with the Drug-Free Schools and Communities Act Amendments of 1989.

Effects of Drugs and Alcohol

Although individuals often use drugs and alcohol to achieve a variety of effects on mind and body that are found to be temporarily useful or pleasurable, drugs can be highly addictive and injurious. A person can pay a price in terms of his or her physical, emotional, and social health.

This price can be paid in a number of ways. The risk of contracting sexually transmitted diseases, including AIDS, is increased through unwanted or unprotected sex when one is under the influence of drugs or alcohol. Drugs can be the trigger for violent crime. Economic and legal problems usually follow directly when one tries to support a drug habit by resorting to crime. The dependence, illness, loss of job, and loss of family or friends that can result from drug or alcohol use and abuse can be tragic.

In keeping with the mission of South University, Montgomery and the requirements of state and federal law, South University, Montgomery has adopted this program to ensure a drug-free campus and workplace and to prevent the use of controlled substances and the abuse of alcohol.

Health Risks Associated with the Use of Alcohol

Short Term Risks:

- Increased risks of accidents and injuries
- Alcohol-related traffic accidents (the leading cause of death for teens)
- Alcohol slows reaction time, decreases muscle coordination, and impairs vision
- Fatal overdose
- Unconsciousness or blackout
- Death by aspiration of vomit
- Nausea
- Gastritis

Long-Term Risks:

- Increased blood pressure
- Increased risk of heart attack
- Brain damage resulting in permanent psychosis
- Cancer of the mouth, esophagus or stomach
- Liver damage (cirrhosis, alcohol hepatitis, cancer)
- Ulcers and Gastritis
- Pancreatitis
- Birth defects
- In males-testicular atrophy and breast enlargement
- In females--increased risk of breast cancer
- Prolonged, excessive drinking can shorten life span by ten to twelve years.

Health Risks Associated with the Use of Drugs

Amphetamines (Speed, Uppers):

- *Malnutrition*
- Hallucinations
- Dependence, psychological and sometimes physical

Deliriums (Aerosols, Lighter Fluid, Paint Thinner):

- Permanent damage to lungs, brain, liver, bone marrow
- Loss of coordination, confusion, hallucinations
- Overdose causing convulsions, death

Depressants (Barbiturates, Tranquilizers, Methaqualone):

- Confusion, depression, loss of coordination
- Dependence, physical and psychological
- Coma, death (caused by overdose)
- Can be lethal when combined with alcohol

Hallucinogens (LSD, PCP, DMT, STP, Mescaline):

- Hallucinations, panic, irrational behaviors (which can lead to increased risk of accidents, injuries)
- Tolerance overdose leading to convulsions, coma, death
- Possible birth defects in children of LSD users

Intravenous Drug Use:

- Places one at risk for HIV infection (the virus causing AIDS) when needles are shared

Marijuana and Hashish:

- Chronic bronchitis
- Decreased vital capacity
- Increased risk of lung cancer
- In men lower levels of testosterone and increase in abnormal sperm count

Stimulants (Cocaine):

- Painful nosebleeds and nasal erosion
- Intense "downs" that result in physical and/or emotional discomfort
- Tolerance and physical dependence can develop

Narcotics (Heroin, Morphine, Codeine, Opium):

- Malnutrition
- Hepatitis
- Loss of judgment and self-control leading to increased risk of accidents, injuries
- Dependence
- Overdose leading to convulsions, coma, death

Sanctions South University, Montgomery

School Sanctions

South University, Montgomery, in all of its actions, seeks to uphold local, state and federal laws. Insofar as permitted by these laws, South University, Montgomery will apply sanctions that could lead to a student being suspended or expelled or an employee being disciplined, suspended or dismissed for violation of South University, Montgomery standards of conduct. Students and employees may also be referred for prosecution. Disciplinary sanctions may include the completion of an appropriate rehabilitation program, at the student's or employee's expense, if necessary.

State Sanctions

I.	<p>Possession, Use, or Distribution of Alcoholic Beverages</p> <p>A. Alabama state law prohibits the purchase, consumption, possession, or transportation of alcoholic beverages by persons under 21 years of age. Penalties for conviction may include a fine and/or jail sentence.</p> <p>B. Public intoxication, driving under the influence of alcohol (DUI), and the unlicensed sale of alcoholic beverages are also against the law. Penalties for such convictions may include a fine, jail sentence, suspension of driver's license, and/or required completion of an alcohol rehabilitation program.</p>
II.	<p>Possession of Controlled or Illicit Drugs</p> <p>A. Marijuana</p> <ol style="list-style-type: none"> 1. Possession of a small amount of marijuana for personal use only is a misdemeanor punishable by a prison sentence of up to 1 year, a fine of up to \$2,000, or both. 2. Possession of marijuana for other than personal use, or a second conviction for personal use is a felony punishable by a prison sentence of 1-10 years, a fine of up to \$5,000, or both. 3. Possession of more than 2.2 pounds of marijuana is considered drug trafficking and is punishable by a minimum prison sentence of three years and a fine of at least \$25,000. <p>B. <p>Hashish 10 kilograms or less</p>	
<p>Hashish Oil 1 kilogram or less</p>	

Convictions for Drug-Related Offenses

Any student convicted of any drug-related criminal statute must notify the Dean of Student Affairs, in writing, no later than five (5) days after such conviction regardless of where the offense occurred. This is because under federal and state laws, any student convicted of a drug-related felony offense must be denied all federal and state assistance, including Pell Grants and Alabama State Grants. However, a criminal conviction shall not be necessary to find that a student has violated these standards of conduct, and South University, Montgomery need not, and ordinarily will not, defer its own actions and sanctions pending the outcome of any criminal proceeding.

Danger Signals Indicating a Drug or Alcohol Problem

Following is a listing of classic danger signals that may indicate the presence of a drug or alcohol problem:

- abrupt changes in mood or attitude
- decreased efficiency at work or at school
- frequent absences, tardiness, and/or early departures
- relationship problems with family, friends, and co-workers
- unusual outbursts of anger and hostility
- social withdrawal

Counseling

If you observe any of these changes in yourself or another student, you are encouraged to talk with a Counselor. The college contracts with Talk One-2-One, a free service, which provides confidential professional counseling via the telephone 24 hours per day, 7 days a week, at 1- 888-617-3362. The Talk One-2-One counselor may refer you, for limited visits, with an area network mental health provider or assist you with locating resources within the community.

Abuse of alcohol or drugs can lead to dependency and addiction, with serious consequences for personal health and overall quality of life. There are drug and alcohol counseling, treatment, and rehabilitation facilities available in our area where students and employees may seek advice and treatment. The College Counselor can refer you to one that meets your needs.
